SHARE    

SPRINGFIELD, Mo. — CoxHealth has announced that the organization has purchased the JPMorgan Chase Bank building located at East Republic Road.

According to a press release, the new building at 303 E. Republic Road will “position the health system to provide expanded capacity and flexibility as we continue to experience unprecedented growth.”

CoxHealth has more than 13,500 employees, according to the release.

ADVERTISING

The plans for the facility are still in the early stages but leaders expect the property to house a blend of functions.

“The opportunity to add this much capacity, in this location, comes at a great time for CoxHealth,” says Max Buetow, CoxHealth’s President and CEO. “This expansion positions us well to continue meeting our community’s needs.”

In April 2024, CoxHealth will take possession of approximately 60,000 square feet of space in the campus’ south building. JPMorgan Chase Bank will continue to be a tenant in other areas of the campus.
